

What are you working for?

Come and meet the team:

At Six Hotel
Brunkebergstorg 6
111 51 Stockholm
5 September 2018
6pm – 8.30pm

Every day is another is another chance to learn. What are you working for?

We know that being a diverse and inclusive company makes us stronger. It's through our diversity that we bring our clients across the world different perspectives and experiences, helping us better serve their unique needs. We're focused on having an inclusive workplace where all employees can be themselves, achieve personal success and contribute to the responsible growth of our company.

We invite you to experience our culture, hear what we do, and learn about opportunities available at our upcoming networking evening for SSE and KTH students. The evening will begin with an overview of our business, and the opportunity to hear from some of our senior employees, followed by networking over drinks and canapés with alumni and other employees from across the bank. This is a great opportunity to share your career aspirations and find out how they can be fulfilled at Bank of America Merrill Lynch.

Please reach out to your student association at KTH for details on how to apply.
